Beesten, October 2010

AllSurplusWorld has been instrumental in the purchase and relocation of a large Niro filtermat Spray Dryer, that was dismantled In England and re-installed in Germany.

AllSurplusWorld made arrangements with the best contractors in the industry to handle this relocation and additionally arranged for packing and transport.

The project was completed successfully and we acknowledge AllSurplusWorld's valuable contribution to this success.

Yours sincerely,

DP TROCKENWERK GmbH

  
Arend Grooten - CEO
